Tom:

Thanks. I do appreciate getting the background information to review.

Keith

Hey Keith,

Attached is a letter from Cargill officially notifying us of their proposed action to store their mine inflow water in the S3 main and also a copy of Vince's response. Wasn't sure you had a copy of this so I wanted to forward it along for you to have at the meeting. It was after we (DEC) reviewed these letters that the department thought we should treat this action as a modification. Thanks –

Tom

Tom:

I am available Wednesday and Thursday this week, but I am traveling after that until the following Thursday.

Good morning Keith and Vince,

Glad to hear everyone made it home safely after the meetings. I was hoping we could get together this week for a quick follow up discussion (15 minutes max) on the water storage in S3. If you'd kindly let me know what day and time you all are available I will set up a web-ex. Thanks gentlemen!

Tom
